SEED OF MELANIN

Cultivating Growth Through Fun!

A Word from Seed of Melanin

Thank you for supporting our mission at Seed of Melanin by downloading this Gimme Guide. It is our goal to be an influential force in the enrichment and development of our children.

We are constantly working to increase our catalog of Learning Guides and encourage you to look through our Seed of Melanin website.

In the world we live in, it is imperative to inspire our children to develop a sense of pride and creativity where they know they can be or do anything. There can be negative or combative forces all around our children, it is our role to uplift them on a daily basis.

Our children are seeds that need nurturing and nutrients to thrive.

At Seed of Melanin, we want to help to ensure that you are the primary teacher for your child by providing those nutrients.

There are numerous fun ways to encourage learning through play and everyday life. We strive to curate fun, educational Learning Guides on a diverse range of topics in a way that provide representation for our children.

Before we begin any of our Learning Guides we start with the affirmation below. Read it to your child and have them state it back to you.

Everyday is another chance to try my best and learn.

We truly hope to see you again in our one of our Learning Guides & interacting in our FaceBook Group at www.datmytribe.com!
